

§ 1280.406

7 CFR Ch. XI (1–1–07 Edition)

§ 1280.406 Exemption.

(a) A producer, seed stock producer, or feeder who produces (including producing by feeding) only products that are eligible to be labeled as 100 percent organic under the National Organic Program (NOP) (7 CFR part 205), except as provided for in paragraph (h) of this section; a handler who handles only products that are eligible to be labeled as 100 percent organic under the NOP; or an exporter who exports only products that are eligible to be labeled as 100 percent organic under the NOP; and who operates under an approved NOP system plan and is not a split operation.

(b) To apply for an exemption under this section, the person shall submit the request to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the person continues to be eligible for the exemption.

(c) The request shall include the following: the person's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the person complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) An exempt producer shall provide a copy of the Certificate of Exemption to each person to whom the producer sells ovine animals or lamb and lamb products. The Certificate of Exemption must accompany the ovine animals through the production chain to the

person responsible for remitting the assessment to the Board.

(f) The person shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(g) The exemption will apply at the first reporting period following the issuance of the exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer, seed stock producer, or feeder from exemption under this section, except that persons producing or feeding both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.
